

Titanium Chain

Engineered for precision, balance and low vibration at high speed cutting

Part No. 099-1506

Part No. 092-6256

- Cutters are chrome and titanium coated for a longer life and sharper edge
- Full Chisel titanium coated cutters cut up to 20% faster than semi-chisel chain
- Full chisel chain is designed and engineered for fast, smooth cutting at high speeds in clean cutting conditions
- Manufactured to exact engineer specifications and standards for quality, strength and durability
